

GEYERSBERG Riesling trocken

2013

Weingut Dreissigacker

Tasting note:

The intense yellow 2013 Geyersberg Riesling trocken was still very young and closed on the nose when I tasted it end of August. There were still flavors of the spontaneous fermentation and yeasty aromas dominating the nose which were serious and showed a deep, concentrated mix of mineral notes and pineapple aromas. Succulent, precise and elegant on the palate this full-bodied and expressive wine has a tautly woven structure and a lovely mineral piquancy with lots of limes, a lingering salinity and persistent citrus flavors. It has very good aging potential.
