## **EVENTS**

**PRO WEIN – DÜSSELDORF, 26. – 28.03.2006**

The new year just begun, and in a few weeks ProWein will be declared as open. This fair has become the leading event for wine professionals around the world. As there will be no VineExpo in 2006 even more attendees are expected to come to Düsseldorf.

If you have plans to participate please get in touch with us right in advance. We would highly appreciate the opportunity to arrange meetings with all attending clients, journalists or friends of our company.

## **MISCELLANEOUS**

### **E – invoicing!**

To all clients. With January 2006 we would like to send all invoices via email as PDF file in rather than a printed copy via post mail. The reason for this is, that email is much faster and hardly missing. We therefore ask all our clients to provide us an email address accordingly. Thank you very much for your support!

### **FRANCONIA**

With the new vintage 2005 our product *Franconia*, developed by Joachim Binz and Winner of the Marketing Initiative UK in 2001 and the Netherlands in 2004 will receive a face lifting. Due to an unexpected success in the Netherlands the 2004 vintage has been sold out immediately. With 2005 the wine will be closed by the new VINO-LOK and will have a very nice new label.
